

Use case

Understand the relationship between personas and use cases for your system with our use case template. Identify your actors, use cases and build out the relationships between them to understand your system design.

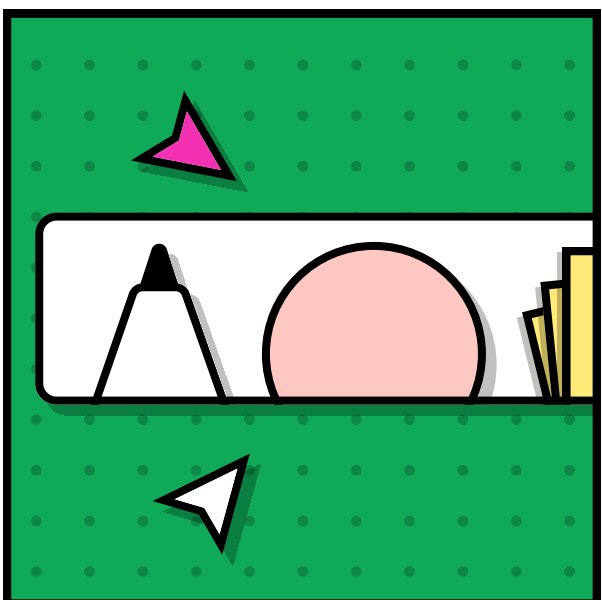

How to use this template

- 1 Identify your system and actors.
- 2 Identify the use case of your actor.
- 3 Identify the system-user functions.
- 4 Draw connections.

Quick tips

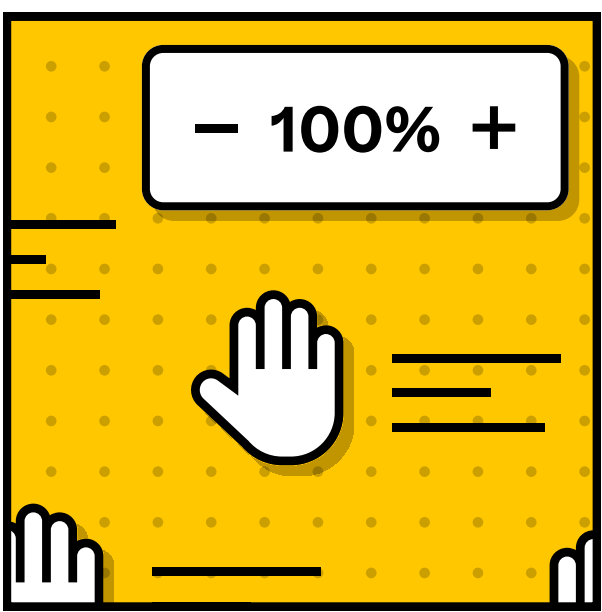

Start with the toolbar

It's at the bottom of your screen, with stickies, stamps, and anything you need.

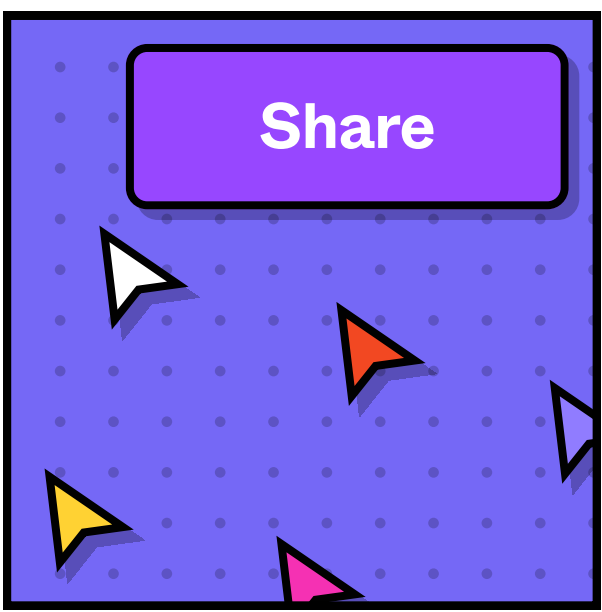

Move and zoom

Use the hand tool to pan around. Zoom controls are in the top right corner.

But first: get your team in here

FigJam's better with others. Click the **Share** button above to invite your team.
